Re: Information for the current basketball season.

Dear ASAA Member Schools:

Our basketball ranking committees are hard at work and are doing a commendable job navigating these unpredictable times.

To help the ranking process, we are reminding everyone of the following:

1. Ensure teams are entering **all** of their scores into SRS in a **timely manner**. Teams will not be ranked without (or with limited) games entered.
2. The **winner** of each game should be the team who inputs the score, so it does not show up multiple times.
3. The ranking timeline is on the ASAA website, so please be aware of these dates.
4. We acknowledge that the first ranking period will not be perfect. With some schools permitted to travel and others not, the mixing of zone play is limited.
 - a. *A reminder that only the Final Ranking Period can be appealed.*
5. The format for all the Provincial Championships will be determined in late February (as per the ASAA [memo from Jan. 13, 2022](#)).
